CAREER PROFILE SUMMARY

- I'm a collaborative and creative UI/UX designer with a growing passion for designing user-friendly and visually engaging digital experiences. I enjoy working closely with others—developers, fellow designers, and stakeholders—to turn ideas into clean, functional designs. With a solid grasp of design tools like Figma and Adobe XD, and a focus on user needs, I thrive in team environments where feedback and communication drive better results. I'm always learning and evolving, aiming to create designs that not only look good but work well for real people.
